# Kerala Catholic Engineering College Managements' Association

## PREFACE

The Kerala Catholic Engineering College Managements' Association (KCECMA) represents 14 Engineering Colleges in Kerala.

From 2007 onwards the Colleges were making admissions, purely on the basis of merit. Merit was being determined by combining the marks obtained by the candidates in the CET conducted by the Commissioner for Entrance Exams, and also the marks obtained by them for the relevant subjects in their qualifying exams.

All students were to pay a uniform fees and for BPL candidates, scholarships were being provided.

The state Government had signed a seat sharing agreement with these Colleges, whereby 50% of the seats would be permitted to be set apart to the CEE for allotment.

All the students would pay the same fee. The Colleges would set apart a sum of Rs.3 lakhs per batch of 60, to be provided as scholarships to the BPL and other poor candidates.

If any seats remain vacant after the last date for the Commissioner to make allotments, those seats would be reverted back to “open merit” category and would be filled by the Colleges.

All the colleges are affiliated to the APJ Abdul Kalam Technological University (KTU), Thiruvananthapuram.

We hope to commence classes, latest by the 15th September 2023 as AICTE Directions.

We solicit the co-operation of all concerned.

## Our Mission

We transform the youth into finest technocrats to lead the world to greater all round prosperity upholding highest standards in personal, social, ethical, moral and family values with a sensitivity to the environment and the world around. Our commitment to the society shall be total without fear, favour or prejudice. We firmly believe that the ultimate judge shall be the Almighty.

# THE KERALA CATHOLIC ENGINEERING COLLEGE MANAGEMENTS' ASSOCIATION

The Kerala Catholic Engineering College Managements' Association (KCECMA) is a fraternity registered under Travancore, Cochin, Literary, Scientific & Charitable Societies, Registration Act, 1955 No. ER 1977.

The Association functions as a voluntary self-regulatory agency ensuring quality technical education without compromising on social justice. Our member institutions value transparency in every aspect - student selection, teacher and other staff selection, etc. We stand for equal opportunity for all without discrimination of any kind whatsoever.

The Association endeavours to make Kerala a global destination for technical education. The strategies and programmes include continuous quality assurance, improvement and monitoring programmes, skill development of students - technical, personal and social - and faculty training and development programmes. Simultaneously we focus on maintaining technical education at affordable levels eliminating the urban-rural and rich-poor divide, though on cost sharing basis.

## IV. PROCEDURE OF SELECTION

4.1 Preparation of Merit list and Allotment of Seats:

Each college will prepare a separate merit list for the college concerned. The Following Methode

will be applied in the preparing the merit list.

By adding marks obtained in the entrance exam conducted by the Commissioner of Entrance exams of Govt. of Kerala (KEAM) and, the marks obtained for Mathematics, Physics and Chemistry in the 12th exam or equivalent qualifying examination approved by AICTE. The marks will be apportioned in the ratio of 50:50

The marks obtained for the qualifying exam will be subjected to the normalization process as explained below:

Let MH and SH denote the mean and standard deviation of the marks in a subject (Mathematics, Physics and Chemistry/equivalent) of all the candidates who have applied in a member college under the Higher Secondary Stream (H) of Kerala. Let MO and SO denote the mean and standard deviation of the marks in a subject (Mathematics, Physics and Chemistry/equivalent) of all the candidates who have applied in a member college under another stream (O). If XO is the mark of a candidate in the Other Stream O, then, YOH, the mark of that candidate in the other stream (O) normalized with respect to the Higher Secondary (H) mark of Kerala will be computed as follows:

$$Y_{OH} = M_H + S_H \left( \frac{X_O - M_O}{S_O} \right)$$

Since the normalized marks depend on the applicants of a college, the index marks of an applicant may vary from college to college.

Seats set apart by the individual colleges for the JEE candidates will be allotted based on the score/ rank obtained by the respective candidates in the Entrance test conducted by the National Testing Agency (JEE) and Government Orders, if any.

* Selection procedures may will be changed as per the decision of Govt. of Kerala or any orders that may be passed by the Courts regarding the addition of +2 marks for KEAM rank calculation.
